

Reporter Finds Citizens Are Hounded from Cradle to Grave With Licenses

BY EDWIN SCHENKLE

Life is just a license-hound's heaven. From the cradle to the grave man's activities are hedged with permits—license-hound's heaven. His first visitor is a licensed medical man. His last caller is a licensed embalmer. In fact, he is just one "license" away from death.

Childhood is free from this evil. The only permits of consequence in the adolescent stage are those coming from parents and school teachers. But when the boy or girl attains his or her majority the license-hound's heaven meets the citizen. The citizen begins to have the license-hound's heaven only think of marriage until he is married.

If he wants to keep a dog, carry a gun, dig a sewer, erect a building, land a house, or his wares from door to door, drive an automobile, operate a motion picture machine, operate a dance, run a taxi, sell cigarettes, remodel a building, haul garbage, erect a sign, put on a show, hunt or fish or, in short, do anything he must first see an official for the inevitable permit, license or grant.

MAYFLOWER CAPTAIN'S KIN MEET IN REUNION

Descendants of Anthony Jones Gather at Henry Ford's Inn

South Sudbury, Oct. 22.—Assembled on the broad lawn of the famous Wayside Inn in this town, was recently gathered one of the most interesting family parties that has been held at the old manse in many years. Thirty-five direct lineal descendants of Capt. Anthony Jones, the dauntless navigator who piloted the Mayflower with the original band of pilgrims to the "stern and rock-bound" New England coast made merry.

As though this family tree were not sufficiently illustrious, the members in this reunion gazed on the old walls of the inn and realized that it was Lloyd Howe, Sr., one of their forebears, who built and later presided as landlord at the Wayside Inn. Henry Ford, now landlord emeritus at the inn, hearing of the contemplated family reunion, offered the use of his entire estate for the occasion. A telegram of congratulation and good cheer was received from the auto magnate.

The family gathering actually represented the lineal descendants of William Phillips Jones and Catherine Brown Jones. The latter was the granddaughter of John Brown, first deacon in the first church erected in Sudbury and she was a grandniece of Rev. Edmund Brown, first pastor of that church. Her mother was a first cousin of President John Adams.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them with Creomulsion. Creomulsion is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga.—Ad.

without running the official number. It is set on his porch, under a pipe, read the evening papers, discuss politics and ignore his income tax.

Licenses of every nature. Licenses for every purpose. In fact, when everything is considered, we find that license-hound's heaven governs a great many of our actions.

The county clerk, county auditor, probate judge, city clerk, and service department of the city, swamped at certain times of the year with hundreds of requests for licenses and permits.

City Clerk H. K. Stoffer leads other officials in the issuing of licenses and permits to residents of the city. He takes care of building permits, peddling licenses, licenses for taxis, sign erecting permits to bring a circus into the city and show licenses, included to the city and have a parade.

Peculiarities

Many peculiarities are connected

with the issuing of licenses and permits from the office.

The law providing building permits in Marion states that regardless of the cost and value of the proposed improvement, the permit fee remains the same.

A few days ago a resident of Marion wished to remodel his workshop at an estimated cost of \$25. The fee was 50 cents for a building permit. When the new Overland building was erected on W. Center a few weeks ago at a cost running into thousands of dollars, the fee remained at the half dollar mark.

Building Permits

A building permit is issued to anyone who expects to erect a new building, remodel an old building, or add any improvement to his property. When the permit is issued to the receiver must give the approximate cost of the improvement. The additional value is placed on the tax duplicate of the owner.

Everyone knows that to sell or

public goods of any kind on the streets of Marion, a permit must be secured. But few persons are familiar with the fact that there is a great exemption to this rule.

Veterans' Exemption

The exemption states that any person who is a veteran of any war in which this country has taken part, needs only to present a state license for peddling and city laws of the license nature will not bother him.

The veteran procures the license from the auditor and then presents the certificate to City Clerk Stoffer who keeps it on file in his office while the person is selling his goods in this city. When the veteran wishes to move to another location with his business, he needs only to present the license on file with the clerk and proceed to the next city, presenting the same license before again opening his peddling operations.

Sign Permit

The English, a few days ago, covered a sign across W. Center in front of their club rooms advertising the charity fair to be held next week. They were first required to get a permit.

When John Robinson's circus

came to this city this summer, the manager first procured a permit.

A license is on record for every taxi being operated in Marion. Then the man who removes your garbage has a license, while he is covered through application to the city clerk.

The city solicitor department takes care of all excavation permits. A permit of this nature is required whenever a person expects to dig a cellar, construct a drive, and perform other work of this nature. The construction of a cellar adds to the value of the property while the building of a driveway involves the excavation of property belonging to the city and the tearing down of a curb stone.

Confusing

So many licenses are issued by officials in the courthouse, that on many occasions, those seeking one kind of a license, accidentally gets in the wrong office.

Only one kind of license or permit is issued by the Probate Judge, L. B. McNeal and as a rule the couple expecting to get a marriage license has the office "spotted" before they enter the courthouse. Probably the most confusing problem for those who are not familiar with the courthouse and

the nature of the various courts, is to find the location of the place to be married.

First Door

The first door facing south on the corner of P. and S. streets is the first door to the county court house. The word "first door" is many a time used by the citizens of Marion in the hall of the courthouse. The word "first door" is many a time used by the citizens of Marion in the hall of the courthouse.

Hunting and taking licenses are also issued by County Clerk Harry L. Koon.

More than 3,000 dog licenses were issued this year by County Auditor Judge C. Decker, another county official empowered with the handling of licenses. It is in his office that dealers handling vegetables appear every year for a license to sell their popular luxury.

HIGH SCHOOL PRINTING SHOP CUTS EXPENSES

Department Turns Out Many Educational Supplies; Teaches Students Trade

Marion High School is the recently organized printing department. The purpose of this division of the school is to awaken an interest among students who have a natural inclination towards the printing profession, enabling them to gain a more complete understanding of that line of work. R. A. Todd, head of the department, said today: "The department was not established to compete with other printing offices," he explained.

Since the beginning of the school year, in 48 hours time, the printing force of the school has completed 32,000 different articles including all of the grade cards, excuse blanks, program cards and envelopes. Since its establishment in 1921 the printing press has completed a varied number of articles including letter heads, school programs, posters, tickets for athletic and social functions, mottoes and a few half-tone pictures. Motto work gives the students experience in setting type for poetry. The school press does not, as is commonly supposed, print the school paper, the "Quiver Junior."

"Much of the equipment for the department was furnished by Marion printing shops for which the school is intensely grateful," Instructor Todd said.

Unblemished SKIN

Gives You confidence

HOW conscious we are of our skin! Even one little pimple or blackhead will so embarrass us that we want to hide right away. And eczema, boils, blotches and rashes! Why, these awful things simply destroy all our ambition!

But what confidence we have in ourselves if our skin is clear and unblemished—free from any eruptions or breaking out! A clear skin is one of the greatest possessions in the world—and it is so easy to have it. All that is necessary is to keep our systems full of rich, red, pure blood. S. S. S. helps Nature build this blood. And the impurities that cause these so-called skin disorders are driven right out of the system.

If you want the kind of skin that captivates men and compels the admiration of other women, just remember that you can't have it if your blood is impoverished. But, just build red-blood-cells in your blood with S. S. S. and your dream of a soft, rosy, velvet skin, clear of blemishes, will be realized. Then notice the difference in the way you feel.

S. S. S. has proven for generations that it helps Nature build the rich, red blood that makes beautiful skin and healthy bodies. Let S. S. S. prove it for you.

Get S. S. S. from any drug store. And get the larger bottle. It's more economical.

HARDING HIGH SCHOOL PURCHASES PICTURES

A number of beautiful pictures have been purchased and will soon be hung in the various rooms of Harding High School. Foremost in the group are two portraits of historical interest—exceptionally fine portraits of two great statesmen, George Washington and Abraham Lincoln. The coloring of both the pictures is delicate and soft. There is also a picture of the capital building at Washington, D. C. and one of the interior of the Roman forum.

Especially beautiful pictures are Corena's "Spring" and the brilliant colored "Dutch Flower Girl." Among the pictures is the famous "Mozart's First Music Lesson."

There are 10 pictures in all. They are in color.

America Railway Express Office Has Established New Division to Handle Tickets

Marion Department Is Now Headquarters of Those Who Are Planning Trips and Cruises Aboard; Company Takes Charge of All Arrangements

The Marion office of the American Railway Express Co. has established a new department.

The office is now the headquarters of those who are planning trips and cruises aboard. The local agent is in charge of arranging everything possible for the comfort of the traveler on the journey.

Independent tourers or party cruises may be arranged and the American Railway Express Co. will sell the ticket, make arrangements for the care of the baggage, and even take care of the sight-seeing tour over land after the traveler reaches his or her destination.

In fact, all the passenger is compelled to do, is board the train from Marion to the seaport and embark on the boat from that point.

Agent For Ocean Lines

E. J. Salter, local agent of the company, is also agent of all steamship companies. A rack has been erected in the office and maps of all cruises to be held abroad during the winter are on display. The maps also carry a complete diagram of the ship used on the journey, so that the person planning the trip may pick a stateroom before boarding the train from Marion.

The new department abounds with many other features and is certain to prove popular.

Carries Extra Coach

Train No. 3 on the Erie today carried an extra coach occupied by delegates to the Young Peoples' Religious Society Convention, going to Dayton, where the meeting is under way today.

May Prove Inadequate

The new platform erected by the American Railway Express Co. here along the third track of the Erie on the north side of the Union Station, for the purpose of taking care of the unusual amount of express on Erie Train 13, westbound, may prove inadequate to handle the unloaded goods, it was said today.

The platform is only about eight feet wide and 100 feet in length and there is complaint that the trucks do not have enough space in which to receive the heavy shipments of express from Train 13.

No formal complaint has yet been filed but indications are that attempt

COLUMBUS PEOPLE LOSE TRUNKS IN PLANE MISHAP

Seven Americans Forced To Buy New Clothes After Channel Wreting

Folkstone, England, Oct. 22—The chief worry of the seven Americans, who had a thrilling half hour in the icy waters of the English Channel yesterday when an Imperial Airways Airplane, bound for Paris, was forced down in the channel, was their luggage.

The trunks and bags of the air traveling Americans were all left on board the airplane, which is submerged in the channel. An effort is being made to salvage the airplane.

None of the Americans has suffered any ill-effects from their adventure.

Undaunted by their experience yesterday, Mrs. G. J. S. Bonney and her daughter, Miss Peggy Bonney of Columbus, Ohio, intended to continue their journey to Paris today by airplane. They were unable to take the morning plane, however, as they were busy buying new clothes, having to borrow costumes to wear while visiting the shops.

This afternoon it was announced that the airplane had been abandoned as a total loss and that the passengers' baggage had also been abandoned.

FRENCH-ITALIAN PEACE MENAGED ALONG BORDER

Tightening of Italy's Regulations Creates Complications

Nice, Oct. 22—Franco Italian frontier incidents caused by the tightening of Italian border control regulations threaten to disturb the hitherto very friendly relations existing between France and Italy.

For the last two years it has been the custom of both countries to allow motorists carrying passengers free access across the frontier. The arrangement worked well until recently when a French motor car company, owing to a false belief held across the border, doubled their number of daily trips.

Stopped by Gendarmes

One car crossed the border and returned without difficulty, but in attempting to make a second crossing, the driver was stopped by Italian gendarmes. Driver and passengers were escorted back across the frontier and Italian authorities requested French police to arrest the party. After two hours discussion and argument the car was finally allowed to proceed on its way.

Since this episode Italian authorities demand a deposit of 10,000 liras before allowing a car to cross the Riviera border. In many cases, passengers, especially those of French nationality, have been stranded.

The new ruling is particularly onerous to French citizens who live in Brazil, close to the Italian border, who, in order to reach Mentone, have to cross Italy or make a detour of fifteen miles.

The traditional tomb of Eve at Jeddah, which the Wahabites are reported to have demolished to prevent idolatry is of enormous dimensions. Burton while on his pilgrimage to Mecca roughly measured the grave and calculated that the first ancestress of the human family must have been at least 150 feet high and "shaped like a duck."

While many guests were assembled at the home of a couple in Cologne to celebrate their twenty-fifth wedding anniversary, the husband received a note from the wife saying she had eloped with a younger man.

SENATOR REED TAKES PROBE TO INDIANAPOLIS

Hearing in Ill. Solon's Hospital Room Confidential: Admits Conferences

Methodist Hospital, Indianapolis, Ind., Oct. 22.—The senate slush fund investigation of Indiana senatorial race reached to the hospital bedside of Senator James Watson, Republican of Indiana, here today.

GROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! See if tongue is coated, breath hot or stomach sour

"California Fig Syrup" can't harm tender stomach, liver, bowels

Every mother realizes, after giving her children "California Fig Syrup," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish, or head is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless, "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy; they know a teaspoonful today is a safeguard for a bottle of "California Fig Syrup," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, sold by "California Fig Syrup Company," Adv.

who brought his "one man" slush inquiry here from Chicago to hear Watson.

Urging Remains in Bed
The hearing was confidential, only a stenographer, the secretaries to the senators and nurses being allowed in the room. Thirty newspapermen gathered outside the hospital bedside of Senator Watson, who was lying in bed.

Watson's injuries included a strained spine, a five inch scalp wound, a sprained neck, shock and black eye.

Watson denied every statement made at the Chicago hearings which involved him in Ku Klux Klan activities.

Denounces Charges
Watson specifically denounced as "falsehoods" the charges of Hugh P. Emmerson, former South Bend cyclops, that he had participated in a deal involving the seat of Senator Mayfield, of Texas.

Watson, however, admitted having twice conferred with William F. Zumbach, general counsel of the Ku Klux Klan, on the Mayfield senatorial contest, while the attorney was representing the Texas senator. Both conferences, he added, dealt with the calling of witnesses.

Watson also declared he had never had any understanding with any officials of the Klan about his becoming a candidate for the presidency in 1928. He declared the charge that he was to be the Klan's candidate was "absolutely ridiculous."

"Denied Everything"
After the hearing concluded, the stenographer read a transcript of Watson's testimony to the assembled newspapermen.

"Senator Watson denied everything,"

Reed opened the hearing by telling Watson how the Indiana inquiry had started and the bedfast senator replied that he was "greatly obliged" to Reed for his "courteous treatment in coming here."

The high spot of the stricken senator's testimony was his vigorous denial that he was to be the Ku Klux Klan candidate for president in 1928. This charge aroused his anger and he time and again denied having "any understanding of any sort" with Hiram W. Evans, the Imperial Wizard of the Klan or with any other Klan official over the 1928 presidential nomination.

The inquiry was resumed here after a four-day session in Chicago primarily for the purpose of giving Senator Watson an opportunity to defend himself against charges that the Ku Klux Klan was planning to elect him to the presidency in 1928.

Watson, bedfast at the Methodist Hospital here as the result of an auto accident, could not go to Chicago, so Reed brought him to the Indiana senator's bedside.

May Close Today

There was every likelihood that the Hoosier inquiry would be closed here late this afternoon after Reed had heard Watson, Senator Arthur S. Robinson, then a candidate for re-election, and a number of former Klan officials.

The latter were expected to discuss the revelations concerning the Klan's activity in politics.

The Hoosier republican machine, placed on the defensive by the testimony of the senator, hoped also to place Reed some documentary evidence showing that "international bankers from Wall-st" were flooding Indiana with slush funds and word count literature in an effort to defeat Senator Watson and Robinson.

Senators Watson and Robinson, however, voted against the state chairman, A. Walsh, reported that an \$800,000 fund was pledged in New York City by these bankers to carry out the campaign against the anti-world court senators in Indiana and other states.

The inquiry here concluded, Reed will by his side his inquisitorial toga and take to the stump to help his fellow democrats win control of the senate in the November elections.

Seattle, Wash., Oct. 22.—Another "slush fund" investigation will get under way here Saturday when Senator McNary, of Oregon, arrives in Seattle to begin investigating the campaign expenditures of A. Scott Bullitt, candidate for U. S. senator on the democratic ticket.

Notified of the pending investigation, Bullitt who is in Spokane, said he would be present when the probe started. Bullitt is accused by Senator Jones and other republicans of spending enormous sums of money on his campaign.

Bullitt, in turn, it is understood, will demand that an investigation be launched into campaign expenditures of Senator Jones.

The authorities said this circumstance would make it difficult to ascertain with any degree of certainty how many lost their lives in the disaster.

Three HERSHEY sugar mills were destroyed by the hurricane. Sixty thousand bags of sugar were destroyed and practically all the residences at Hershey were razed.

The Hershey railway line between Havana and Matanzas has been damaged, the power house has been put out of commission and it is feared that it will be impossible to start this year's sugar crop on these plantations.

Special relief trains are being sent out from Havana today for Matanzas where heavy damage is reported to have been done.

Clocks were stopped at some places by the shocks.

MINOR DAMAGE IN SAN FRANCISCO

San Francisco, Cal., Oct. 22.—A survey with the coming of daylight revealed minor damage in the downtown district of this city as a result of the earthquakes early today.

Plaster was cracked and fell to the floor in the ferry building.

Plate glass on the west side of the Palace Hotel was broken. This included five windows.

The Lincoln Hotel, a lower Market-st. building, appeared to be slightly out of line.

Slight cracks in plaster and in the stucco finish of other buildings was noticeable. One large plate glass window of a Grant-st. department store was shattered. Large display clocks stopped.

Oakland reported that the clocks in the towers of the Oakland city hall and the Elks club building stopped at 7:30. The clock in an all-night downtown cigar store reported that he had been thrown against the counter of his store by the shocks, but was unhurt and no glass was broken.

Restaurants reported an unprecedented early morning demand for strong coffee, hundreds awakened by the shocks deciding to remain up.

\$30,000 DAMAGE AT SANTA CRUZ

Santa Cruz, Cal., Oct. 22.—Today's earthquake caused damage here which to place Reed some documentary evidence showing that "international bankers from Wall-st" were flooding Indiana with slush funds and word count literature in an effort to defeat Senator Watson and Robinson.

The damage was mainly confined to chimneys, store windows and falling plaster in stores and hotels.

The entire side of the Pacific Telephone building cracked and the building was said by examiners to be in a precarious condition.

The entire city was awakened by the shock and as the initial one was felt, newspapers were tossed, Santa Cruz is a beach city and the damage here indicates that Monterey County was the center of the worst effects of the shock.

MOTORISTS NOTICE SHARP TEMBLOR

Oakland, Cal., Oct. 22.—Awakened by a sharp temblor early today, citizens of Oakland rushed to the street to escape from the shaking houses.

Motorists reported the tremor as sharp enough to be noticed while traveling at a high rate of speed.

Damage to property was small.

of their gang. They got away only a few minutes before the police reached the scene.

When Timponi answered a bell at the street entrance, he was faced by the bandits. As Timponi stepped back, the leader of the gang, apparently believing he was trying to escape, struck him over the head with the butt of his revolver.

Two of the bandits were ordered by their leader to guard the stairway while the other four went to the club's quarters on the third floor. One searched the guests and entertainers, while the other three fired shots into the ceiling.

"Line up against the stage," the bandit leader shouted, and those in the room lost no time in complying.

Stung by Bandits
Walter Timponi, brother of Frank Timponi, the proprietor, attempted to escape from the club room, he was slugged several times with the butt of a revolver.

As the guests stood lined up against the wall, one of the bandits tore off their watches, rings, brooches, necklaces, watches and wallets were taken. The proprietor lost \$500 in cash and a diamond ring he valued at \$1,000. From Frank Knecht, club room attendant, the bandits took \$200 which was to be used today to pay his moving expenses.

Timponi told the police he was certain one of the bandits carried a machine gun but some of the guests said they thought the weapon was an automatic Springfield rifle.

Luncheon Canape
To one-half cup of melted butter, add one teaspoonful of gelatin which has been softened in one-fourth cupful of cold milk and dissolved by standing over hot water. Add two tablespoons each of finely minced chives or onion and green pepper. Mold in small cups. Top with thin slices of stale bread, cut with round cookie cutter, spread with melted butter and place on a slice of peeled tomato. Unmold gelatin mixture out in slices, and top the tomato. Serve as a first course at luncheon.

City Chicken

Two pounds veal steak.
Two pounds pork tenderloin.
Cut in pieces about 1 1/2 inches square. Put alternately a piece of veal, then a piece of pork on wooden skewers like are used for rolled roast, until six pieces are used. Roll each chicken in cracker crumbs and beaten egg. Put in well on all sides, season well. Brown in roaster, add two cups of water, cover and bake about two hours. When done add a cup of rich milk to make the gravy.

Rose Cream

1 tablespoon gelatin.
3/4 cup cold water.
2/3 cup scalded cream.
1/3 cup powdered sugar.
1 quart of whipping cream.

Soften gelatin in cold water, dissolve in scalded cream. Whip cream and color a delicate pink. When gelatin mixture begins to thicken fold into the cream. Stir this mixture on top of a sponge cake left in the pan in which it was baked.

Sponge Cake

5 eggs.
1 1/4 cups sugar.
8 tablespoons boiling water.
1 1/2 cups flour.
1 teaspoon vanilla.
1/2 teaspoon baking powder.

Beat egg yolks well, add sifted sugar, add boiling water, vanilla, sifted flour and baking powder. Fold in the beaten whites. Bake in 270 degree oven thirty-five minutes.

Short Cake

2 cups flour.
2 1/2 teaspoons baking powder.
2 tablespoons sugar.
1 teaspoon salt.
1/3 cup shortening.
1 egg.
3/4 cup milk.

Sift dry ingredients together. Beat in shortening with finger tips. Beat egg in cup, add milk to fill cup (two-thirds full). Bake in individual cakes. Bake in 400 degree oven. This recipe makes four short cakes.

Date Bars

Filling.
3/4 cupful water.
2 cupfuls dates, stoned and cut up.
1/2 cupful sugar.
Boil for ten minutes, cool and add half cup of chopped nutmegs.

Add 1-4 teaspoonful salt and 1 teaspoonful vanilla.
Cookie dough.
1 cup shortening.
1 1/2 cupfuls sugar.
2 eggs.
1 teaspoonful salt.
1/3 cupful sugar milk.
1/4 teaspoonful soda.
4 cupfuls flour.
2 teaspoonfuls baking powder.

Mix in order given, roll into a square, spread one-half of the mixture with the filling, cover with the other half. Cut in oblong bars and bake in a 400 degree oven about 15 minutes.

PROGRAM FOR TEACHERS' MEET RECEIVED HERE

County and City Instructors Planning To Attend State Session in Columbus

Marion City and County school superintendents, principals, and teachers have received programs of the fifty-second annual session of the Central Ohio Teachers' Association, to be held in Columbus, Friday and Saturday, Nov. 5 and 6.

All instructors are planning to attend the meetings and school will be dismissed on Friday so that all may journey to Columbus.

The Memorial Hall and James Theater will be used for the Friday morning sessions while other sessions of the various departments will be held in other Columbus buildings, including the Neil House, Elks' Home, Memorial Hall, Chamber of Commerce, Southern Hotel, Deshler Hotel, high school buildings, and churches.

Different Meetings
Teachers of every subject will have different meeting places, the teachers being grouped in sections. Visiting teachers in Columbus will have an opportunity to visit the schools in that city Friday morning while classes are in session.

The executive committee has planned what they feel will be one of the strongest meetings from the standpoint of both general sessions and the departmental meetings ever held by the association, announced today.

An innovation at the sessions this year will be a concert given from 8 to 9 p. m. Friday at the Memorial Hall by the great international artist, Mme. Estelle Gray-Lacoste. She is reported to be the world's greatest woman violinist.

An invitation has been extended to many distinguished persons to be present Friday night when Dr. W. O. Thompson former president of Ohio State University delivers his address, "Fifty Years of Ohio Education."

HERE'S MORE ABOUT COMMUNITY CHEST

STARTS ON PAGE 1

plan would serve as a basis for the system here.

The Community Chest, its advocates point out, not only does away with frequent "drives" and other forms of solicitation for charity and relief funds, but eliminates overlapping activities and establishes a thoroughly systematic system of management. Distribution of funds would be in charge of a central fund made up of prominent citizens of unquestioned business ability whose duty it would be to see that the money in their care yields 100-per-cent service. There is much waste under the present unorganized plan, it is asserted.

Elks Back Move
General interest was aroused in the Community Chest project here last week when Marion Lodge of Elks adopted a resolution endorsing the plan and Buckeye Aerie of the Fraternal Order of Eagles followed this week with similar action. These expressions from the two lodges resulted from receipt of a request that they assist in the annual Red Cross membership campaign, which is to take place the latter part of this month. Both the Elks and Eagles agreed to help in the Red Cross drive, but in the adoption of resolutions went on record as favoring a Community Chest which would eliminate the necessity of such campaigns in the future.

Announcement of the Chamber of Commerce survey, coming shortly after the action of the two lodges, is generally regarded as an indication that a Community Chest will finally become a reality here.

QUEEN VISITS ROMANIANIANS IN PHILADELPHIA

Marie Leaves Quaker City for
Round of Activities in
New York

Philadelphia, Oct. 22.—Cheered by a crowd among her own people, a colony of Romanianians dwelling in Philadelphia's slums, Queen Marie of Romania left for New York City where a round of special activities awaits her. The party left for New York shortly after 1 o'clock.

Following the plans of Mayor H. H. Clark for her attendance at elaborate social functions, the famous queen insisted on visiting a shabby Romanian church near the docks at Delaware.

The queen had promised to visit the church and she did, despite the protest of the members of the reception committee.

A visit to Columbia University, a session at the Young Women's Christian Association and a banquet given by the Iron and Steel Board of Trade at the Hotel Commodore were the high spots of the program mapped out for the queen in New York today.

Following her return from Philadelphia, the queen, accompanied by Prince Ileana and Prince Nicholas, was to attend a luncheon at the Banker's Club.

By Major Radu Irimescu, director of one of Romania's leading financial institutions.

To Visit Columbia

Queen Marie's first visit to an American college campus is set for 3:30 o'clock this afternoon. She will be escorted about the Columbia campus by President Nicholas Murray Butler.

When she leaves Columbia, Queen Marie and Princess Ileana will attend a reception held in their honor at the National Board of Young Women's Christian Association. The dinner at the Commodore follows.

After that, she attends a supper given in her honor by Elbert H. Gary, at 525 Fifth-av.

TEACHES THREE GENERATIONS OF IOWA FAMILIES

Central Press Photos

Mrs. Hattie M. P. Wilson
Wishek, N. D., Oct. 22.—Celebrating her fiftieth anniversary as a teacher in this community, Mrs. Hattie M. P. Wilson, 70, declared she would not change her teacher's life for any other kind.

Coming to North Dakota before it was a state, Mrs. Wilson has instructed three generations of citizens—often having been the only teacher a family ever has known.

"I have acted as nurse to former pupils who were dying, and have heard their last word—'Teacher,'" Mrs. Wilson relates. "I have played wedding marches for my students grown up. I have, in some instances, been called to dress their first-born. And I have seen these first-born become pupils and be graduated under my charge. Many of them I have attended at cradle, altar and grave."

Mrs. Wilson's first school was a shack of boards with only two windows near the banks of the Missouri river. Her present school is a modern brick building.

OFFICIAL URGES 25-YEAR TEST FOR PROHIBITION

Six Years Not Sufficient To Decide Merits of Dry Law,
Says U. S. Attorney

Washington, Oct. 20.—Regarding prohibition as the greatest moral undertaking in world history, United States Attorney Elliott Northcutt, of the Southern District of West Virginia, believes that a thorough test of the law extending over twenty-five years should be given by America before the public sits in judgment.

"Six years certainly is not sufficient time to determine the merits of prohibition," Northcutt said, in answering some critics of the Volstead act who now assert that prohibition has been proven a failure.

"Better in twenty-five years look back and say the situation is that he fore the 18th amendment, and then say whether or not prohibition has succeeded or failed."

Northcutt declared that the real benefits of the reform will not be noted until the generation born since the open saloon went out of existence has grown to manhood.

Have Formed Habit

Many of the present generation, he pointed out, has "known the habit of strong drink." But, he added, the habit born since prohibition became effective are not so likely to have the appetite for liquor.

Northcutt insists that from the standpoint of public safety it would be a calamity to once more bring the open saloon into existence.

The tremendous automobile traffic of today—with 20,000,000 motor cars in operation in the United States—would have been impossible from the public safety standpoint should have the open saloon remained, according to Northcutt.

The district attorney said that while there is some drunken driving and that the bottle of illicit liquor is not infrequently a prerequisite for "wild auto parties," the ease with which whiskey could be obtained from the open saloon would be rendered the American highways more dangerous than the most bloody battleground.

Sentiment Increases

Northcutt sees in his district—twenty-four mountain counties of southern West Virginia—a stronger and stronger sentiment for prohibition. Although this district has been notorious for years for its production of moonshine its courts and juries convict more than ninety per cent of those apprehended for liquor violations.

"At the last primary election for the first time was noted a complete ab-

SAILOR SETS RECORD
AS GLOBE TROTTER

Syracuse, N. Y., Oct. 22.—A globe trotting record to be named by the most inveterate traveler has been piled up by P. R. Raleigh, of this city, enlisted man in the United States Navy attached to the U. S. S. Cleveland, now home on furlough.

Raleigh in the last year visited Panama, San Blas Islands, Arica, Chile, Cartagena, Colombia, Bluefields, El Salvador, Nicaragua, Puerto Cortes, Puerto Castilla, Honduras, Frontiers, El Salvador, Mexico, Vera Cruz, San Jose, Costa Rica and made eight trips through the Panama Canal.

To Arbitrate Disputes

No more can be put out and nothing new on the farm can be removed without consent of Senator Couzens. The board of arbitrators provides for arbitration in case of dispute.

Senator Couzens said he was well pleased with the arrangement. "I believe these boys will make a great success of it," he said.

The Williams brothers said they were confident the Waukegan farms could be made to pay a big profit. They ex-

FILES SUIT TO RECOVER \$575 FROM JEWELER

Charges Value of Diamond Ring Sold for \$1,375 Was Misrepresented

Charging Marion S. Landes, W. Center-st. jeweler, with representing a diamond ring to be worth \$575 more than its real value, George A. Clark, Blaine-av., today filed action in Common Pleas Court asking judgment for that amount.

Clark asserts that he purchased a diamond ring of Landes for \$1,375, paying \$575 in cash and trading in a two-karat diamond ring valued at \$800 for the remainder.

Clark declares that the jeweler warranted the ring to be worth \$1,375 in its true commercial value but a short time later he found that it was really valued at only \$800.

Upon discovering that the guaranteed ring was defective, Clark asserts that he immediately notified Landes and asked him to take back the ring and reimburse him. Landes refused, the petition states.

Since he paid \$1,375 for the ring and it is alleged to be worth only \$800, Clark asks judgment against Landes for the difference in price, a sum of \$575.

Parole Hearing
Hearing upon the application of Ralph Orth, of Marion, Pa., for parole from the Mansfield Reformatory is set for Nov. 9. Orth was sentenced to the reformatory for an indefinite period a year ago by Probate Judge L. B. McNeal, when he was declared guilty of grand larceny.

Orth was arrested in September, last year, on charges of breaking into a box car. He was indicted by the grand jury and given over to Judge McNeal when it was found that he was a minor.

KIWANIS CLUB HOLDS ITS HALLOWEEN PARTY

Mansfield Reader Featured Entertainer; Wives and Friends Attend

Mrs. Paul Williams, feature writer and theatrical critic for a Mansfield newspaper, entertained a series of readings Thursday night at the club's annual Halloween party at Harding Hotel. Music was furnished for the 6:30 o'clock dinner by the 10-hin Symphonic 10 piece orchestra from Harding High School, which appeared, sang with Director H. M. Temple, supervisor of music.

Kiwanian Raymond F. Fletcher, chairman of the party program, introduced Mrs. Williams.

Mrs. Williams' readings were applauded and it was difficult for her to satisfy the demands of the guests before her train left for Mansfield.

Following the formal opening of the meeting by saluting the American Flag and the singing of America, the program opened with a jack-o'-lantern contest.

Appropriate prizes were awarded winners of the jack-o'-lantern, apple peeling, archery, marshmallow and pie-eating contests.

After the games and contests local pictures played by Clifford Owens were shown and the program concluded with a radio concert which was broadcast for the benefit of the guests, who were later surprised to learn that most of the excitement was being originated in the kitchen.

LOS ANGELES PLANS BELT LINE RAILWAY

City-Owned Track Proposed To Circle Entire Water-Front, Estimate Cost at \$2,500,000

Los Angeles, Oct. 22.—A belt-line railway, owned and operated by the city of Los Angeles, will encircle the entire waterfront at Los Angeles Harbor, it was announced today following the action of the city council in authorizing the board of harbor commissioners to condemn 307 acres of land in the Dominguez blough area.

An investment up to \$2,500,000 will be represented in the acquisition of the land, it was estimated, but it will result in the unification of all railroads subject to end from the docks will be handled over city-owned tracks and distribution of incoming freight to railroads will be made at one central point.

Reginald Denny Says—
"I want every one of you to have one of the colored cut-outs that have been made for my friends. You can get my life-like miniature and four of the costumes I have worn in my big Universal features, including 'Take It From Me,' 'Rolling Home' and others. You can use these to play show with and change the costumes to suit your wishes. These miniatures come in ten beautiful colors and you will be sure to have a lot of fun with them."

100 Boys and Girls Will Get This Denny Cut-Out FREE

And Some Boy or Girl Will Get One of the Famous

Hollywood Dollies' Theatres

And here is a beautiful miniature theatre for some Marion boy or girl. This theatre is called THE HOLLYWOOD DOLLIES THEATRE. It is an exact model of a real theatre with back drop, scenic wings and everything. It is 32 inches high by 22 inches wide by 14 inches deep. You can use the Hollywood Dollies in this theatre, move them about, make up special scenes and play that you are a regular theatre manager. Each Hollywood Dolly has four complete changes of costume.

Here's How—Read Carefully!

Here's how you can get the Hollywood Dollies Theatre or at least a Reginald Denny copy of the Hollywood Dollies. Just cut out the head of Denny at the top or bottom of this ad. Paste the head on another piece of paper. Then draw or trace the clothing that you think Denny would wear. When you have finished paint or color your work and take or mail it at once to the Grand Theatre. Don't lose any time as the contest will close Tuesday noon. So please hurry. Please see that your name and address is written plainly on your work. You will be notified to come for the prize as soon as the work can be judged. After you see one of the famous HOLLYWOOD DOLLIES you will want one for yourself as well as the splendid play theatre. Try your best to get one of these fine prizes.

AME WARDENS' BOOIES FOUND IN MARQUETTE

Convict Confesses He Shot and Killed Them; Threw Them in Water

Marion, Mich., Oct. 22.—The bodies of three defenseless Airedale terriers, who were shot and killed by a convict, were found today in the water near the shore of Lake Michigan.

The bodies were taken from the water by a fisherman, who, after a search, confessed that he shot and killed the dogs, according to state police.

The fisherman, who was arrested today, confessed that he had shot and killed the dogs, and that he had thrown them in the water.

FIGHT OVER BUS PLAN AVERTED BY APPLICANTS

Objectionable Features. Protested by Marion Chamber. Withdrawn by Operators

Threatened controversy before the State Utilities Commission over two requests for permits for operating bus lines running between Columbus and Detroit through Marion has been averted as a result of the applicants having withdrawn features of their petitions against which numerous protests had been filed.

One of the most important protests came from the board of directors of the Marion Chamber of Commerce in a resolution adopted last week.

When the applications came up for hearing before the State Commission Wednesday afternoon, settlement of the points in dispute was speedily effected by announcement that the objectionable features had been voluntarily eliminated by the applicants.

The protests had been based solely on requests for permits to handle local bus traffic known as interstate business, in the state of Ohio. The applicants agreed to abandon this phase of their program and to carry no passengers except those traveling between points in Ohio and Michigan. This is classed as interstate business and is not subject to federal control and does not come within the jurisdiction of state authorities.

Permits Almost Sure

As a result of this settlement of the threatened controversy, it is regarded as practically certain that the permits will be granted and that in the near future at least one of the new bus lines will be in operation between Columbus and Detroit. Both of the proposed routes extend between Columbus and Marion but at this point they diverge, one going north through Upper Sandusky and Findlay to Toledo and the other passing through Bucyrus, Bellevue and Fremont.

The applicants are E. P. Collins of Chillicothe and the Interstate Motor Coach Co., of Michigan. Whether both will be granted permits is a question to be decided within the next few weeks.

Marion citizens among representatives of the various organizations and interests protesting against granting either the applicants permission to handle interstate business, are present when the matter came up for hearing before the State Utilities Commission were A. E. Van Dine, general manager of the C. & M. Electric Co.; William P. Moloney, counsel for the C. & M.; H. E. Hill, attorney for the Maag Bros. bus lines, and George H. Knapp, secretary of the Marion Chamber of Commerce. The Hocking Valley and Pennsylvania Railways, the C. & M. & H. Interurban line and other transportation companies which objected to the proposal for new competition from the Columbus-Detroit bus routes were also represented.

Chamber Protest

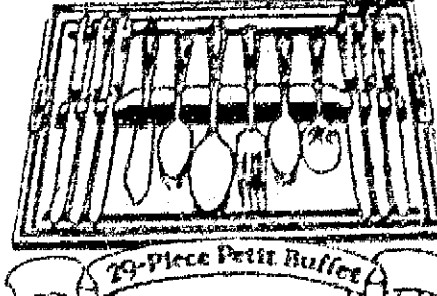

The resolution adopted by the Marion Chamber of Commerce directors outlined the basis of practically all of the protests. It pointed out that the routes will pass already provided with adequate transportation service by the railway and bus lines now in operation. Granting the Columbus-Detroit lines permits to carry passengers between stations in these localities would not only establish service that is not needed but might cripple the accommodations now available. It was pointed out.

Settlement of the controversy and virtual assurance that bus routes will soon be in operation on an interstate schedule with Marion as one of the principal stations is regarded as an important development for this city. The new service will be a valuable addition to the transportation facilities of Marion and other points along the routes, business men state.

J.A. SCHROETER RED CROSS
INDUSTRIAL DRIVE HEADFred B. Scherff Also Named To
Assist in Campaign Among
Factories

Announcement of the appointment of John A. Schroeter, vice president of the Shanser Lumber Co., as chairman of the Industrial division of the Tenth Annual Roll Call of the Marion County Chapter Red Cross was made today at Red Cross headquarters in the Trumbull building.

Associated with Mr. Schroeter in this

division of the Red Cross Roll Call will be Fred B. Scherff, secretary of the Manufacturers Association of Central Ohio.

On these men will fall one of the most difficult tasks of the 1925 year—helping drive of the local chapter. The organization of factories and offices will be completely under their supervision.

Both Mr. Schroeter and Mr. Scherff are well known in the community, especially among the manufacturers. Their aid is expected to greatly simplify the work in this important division of the campaign to be held early in November.

"VINCO" HERBS
A BIG SUCCESS

Millions of Boxes Sold Without Advertising Proves Its Merit

Although never advertised till now, millions of boxes have been sold. "VINCO" has proven effective in thousands of cases of chronic constipation and is especially recommended for elderly people.

If constipated, bilious, or you have a sour, gassy stomach, feel irritable and have no energy, don't fail to try "VINCO" Herb Tablets. Get a 25c box of your druggist. Take "VINCO" tonight! Feel fine tomorrow! Do a double day's work! Keep feeling and looking young!

Not a drop of dope in "VINCO." Made of herbs, roots and barks—a pleasant, harmless chocolate coated tablet. No griping... no nausea. Acts gently but thoroughly—always the same—always effective—brings relief where ordinary laxatives fail. Ask your druggist. He knows and guarantees "VINCO" Herb Tablets. Also do a kindness by telling others about this simple Herb Laxative. They, too, will appreciate the difference between harsh physics and gentle, harmless "VINCO" Herb Tablets.—Adv.

FAKE VINEGAR IN OHIO

New York, Oct. 22.—Much of the "pure apple vinegar" being used in the American home today is a mixture of acetic acid and water. The American Cider Vinegar Manufacturers' association has learned from state chemists. A long, flagrant violation of pure food law is vinegar made from dried apple skins and cores.

The doubtful vinegar has been discovered in Kentucky, Ohio, Pennsylvania and Connecticut.

BREAD GAMBLERS' PAWN

Paris, Oct. 22.—Cargoes of wheat bound for France are being sold and resold several times while on the seas, it was revealed yesterday. Bread is getting dearer almost every day, and the sole reason, says a Paris paper, is this "shameful speculation. The people clamor for prosecution of the speculators."

CAL MAY SAY SOMETHING

Washington, Oct. 22.—President Coolidge may yet throw some light on the campaign before it closes. He has accepted an invitation to address the American Association of Advertising Agencies here the night of Oct. 27.

\$30,000 NECKLACE GOES BEGGING

New York, Oct. 22.—Aldelaide Egan, Negro, may become possessor of a \$30,000 pearl necklace, unless the owner appears within a few days. She found the necklace last summer and it has been at police headquarters unclaimed since then. Under the law, it becomes the property of the finder if the owner does not show up in six months.

GAS TRUST UNDER FIRE

Melbourne, Australia, Oct. 22.—It was reported yesterday that the government would seek to break up the Dutch-American combination gasoline trust in Australia by importing gasoline through the commonwealth refineries.

BUSINESS BURNS

Platteville, Wis., Oct. 22.—When local officials discovered evidence that the W. F. Grindell & Sons furniture and undertaking establishment had been saturated with kerosene prior to a fire there, they arrested James Lacey, a member of the firm, who will answer arson charges.

STEALS MEAT, CHOKES

Chelmsford, Eng., Oct. 22.—To Samuel Pavitt life had become a matter of food and a warm bed. He was 68 years old and down and out in the local poorhouse. Tired of his diet of soup and rice pudding, Pavitt stole his neighbor's portion of meat. Unable to chew with toothless gums, he tried to swallow it whole and choked to death.

REMINDS HIM OF INJURY

London, Oct. 22.—A dull pain at the base of his head reminded Samuel Abstrand that he had fallen from a staging while at work as a stationary engineer more than a month ago. An X-ray showed that he had a broken neck. He may live.

JANITOR USES GASOLINE

Chicago, Oct. 22.—W. H. Wood, janitor in a north shore apartment house, poured a quart of gasoline in the furnace. The detonation which resulted killed 20 tenants and brought out a squad of policemen looking for "the bombers."

COWS LIKE PLANE COATING

Lake Forest, Ill., Oct. 22.—When an airplane was forced to land in a pasture the cattle sweetened their ends by licking off a cellulose nitrate coating on the tail and wings of the plane. Indigestion resulted. A complaint for the arrest of the aviator was sworn out.

JUROR IS TOO DUTIFUL

Brooklyn, Oct. 22.—Anxious to perform his full duty, a juror in sitting in the suit of Nathan Mamey, who asks \$6,500 from the Brooklyn City Railroad company, made a personal trip to the scene of the accident and returned, remarking that he had "made up his mind." The judge declared a mistrial.

FOUR CONCERNS,
SIX INDIVIDUALS
FACE CHARGES

Accused of Violating Clayton
Anti-Trust Act; Buckner
Files Action

New York, Oct. 22—Four companies
and six individuals today stood ac-
cused of violating the Clayton anti-
trust act.

An action to this effect has been
filed in the Federal Court by United
States Attorney Buckner.

The firms are all in the business of
manufacturing office equipment and
ling equipment.

The companies are the Rand Kardex
Bureau, Inc.; the Rand Kardex Co.,
Globe Wernicke Co., and the Fourth
Central Trust Co., of Cincinnati,
Ohio.

The individuals names are:
James H. Rand, Jr., Buffalo, N. Y.;
Stanley M. Knapp, Tonawanda, N. Y.;
Henry C. Yeiser; Henry C. Yeiser,
Jr., and E. Z. Blagg, the latter three
of Cincinnati.

The government's complaint alleges
various stock acquisitions in connection
with the development of the defendant
companies and also asks for a discon-
tinuance of interlocking directorates.

The government also asks that the
Rand Kardex Bureau, Inc., dispose of
controlling stock interest in the Globe
Wernicke Co., which it is under con-
tract to acquire.

DECISION ON TIME IN
WESTERN OHIO EXPECTED

Attorney-Examiner Sending
Report to Interstate Com-
merce Commission

Cincinnati, Oct. 22—The Interstate
Commerce Commission is expected to
hand down a decision within 30 to 60
days on the question of providing a
large portion of western Ohio with
eastern standard time, it was learned
here today.

J. T. Money, attorney-examiner for
the commission, who recently conducted
a hearing here on the matter, today
was expected to forward to the com-
mission his report of the data gathered
during the hearing.

Following the decision of the com-
mission, representatives of the cities
affected by the time ruling will be given
a proper allowance of time to make
any objections or recommendations on
that body's action, it was said.

CONGRESSMAN FLETCHER
TO FILL ENGAGEMENTS

Congressman Brooks Fletcher, con-
tinued to his home here for the last few
days as the result of injuries sustained
in an auto accident two weeks ago,
will fill all his speaking engagements
scheduled, it was announced today.
Rumors that the congressman is par-
alyzed have been vigorously denied by
his physician. Mr. Fletcher will ap-
pear at Mt. Gilead, next Tuesday, as
scheduled, his secretary stated today.

Who Is Going Housekeeping?

You will have to "live" with the furniture you buy. It costs too much to throw out if you don't like it a few weeks after you have it in your home. Furniture bought wrong—bought without good advice from some one who doesn't take an interest with you in planning and furnishing your new home—that kind of furniture often becomes an "eyesore". You become disgusted with it and with the store that sold it to you. **PLAY SAFE!**

Operation Cost of Morrow County Schools in Report Now on File With Auditor

Receipts for Year Amounting to \$365,671.81; State Aid Received by Five Districts; Transportation of Students Costs \$21,925.28

Mt. Gilead, Oct. 22.—The cost of operating the public schools of Morrow County during the past year was \$317,252.52, according to the report compiled by County Auditor Roy Miller. Receipts for the year were \$365,671.81. Of this amount, \$216,115.43 came from direct taxation for schools and \$55,972.83 was raised under the general state levy of 2.65 mills. Depository interest brought in \$2,289.95.

State aid amounting to \$5,750 was received by five districts as follows: Peru, \$800; Alum Creek, \$250; Bloominggrove, \$240; South Bloomfield, \$2,700; and \$1,760. Tuition paid from one district to another amounted to \$9,100 and \$343 in tuition was paid by individuals.

Expenditures
Supervision of schools in the county cost \$10,110.22 for the year. The salaries paid all teachers in the county totaled \$140,129.25, which was the

MANY GALION CLUBS IN REGULAR MEETINGS

Plans for Halloween Dances Announced at K. E. C. Club Luncheon

Galion, Oct. 22.—A variety of club meetings filled yesterday's social calendar. The Tourist Club enjoyed their regular meeting at the home of Mrs. E. L. Middleton, where a program of interesting papers and contents was given. "Home Environment" was the topic for discussion at the Research Meeting at the home of Mrs. Fred Jones and a round table question hour proved the educational value of the work.

Among the news of the younger women's activities, most important was the luncheon at which Miss Magdalene Seckle was hostess to the K. E. C. club and plans for a Halloween dance were completed.

Martel News

Martel, Oct. 22.—Mr. and Mrs. William Neff entertained at their home north of here Tuesday night, the Ladies Aid of the M. E. Church. About thirty-six members were present. It was a masquerade affair. A handkerchief shower was also given in honor of Mrs. Neff's birthday anniversary.

Mrs. Snyder of Indianapolis, Ind., is a guest at the home of Mr. and Mrs. Will Neff.

Mrs. L. M. Thompson and daughter Berline were callers in Marion Thursday.

Mrs. Maude Longenecker and children of Marion and Mrs. Emerson Horlick of near Caledonia were callers in Martel Wednesday.

Miss Willo Neff and Marguerite Tenney of Marion visited the former's parents, Mr. and Mrs. Will Neff, Wednesday evening.

Mrs. M. E. Grissinger and daughters Lois, Marion and Maxine spent Tuesday evening with Mrs. L. M. Thompson and daughter Geraldine.

UNION COUNTY HEALTH REPORT MADE TO STATE

Seven More Births Than Deaths During Past Month; Schools Visited

Mayaville, Oct. 22.—The monthly report concerning the health of Union County has been given out by County Health Commissioner H. G. Southard. This is in compliance with the Ohio Statute which requires that the work of the health department be made public.

The report shows that births outnumbered deaths for the past month, 30 births being reported against 23 deaths. Part being reported against 23 deaths.

Deaths for the month were as follows: Mr. and Mrs. Glen Stevens, Mr. and Mrs. Randall Bright, Mr. and Mrs. George Holman, Mr. and Mrs. Edward Greaser, Mr. and Mrs. William Jeffers, Mr. and Mrs. Paul Schneider, Mr. and Mrs. Mosey Thompson, Mr. and Mrs. Paul Maritz, Mr. and Mrs. Zena McLean, Mr. and Mrs. Lloyd Landon, Mr. and Mrs. Lloyd Matterson, Mr. and Mrs. Arthur Davis, Mr. and Mrs. E. F. Sherwood, Mr. and Mrs. Lawrence Foster, Mr. and Mrs. Everett Dismont, Mr. and Mrs. Kenneth Malone, Mr. and Mrs. Harley Potts, Mr. and Mrs. Charles Shaffer, Mr. and Mrs. Wilfred Dasher, Mr. and Mrs. William Hobert, Mr. and Mrs. Leo Rausch (twins), Mr. and Mrs. Dorelle Gabriel, Mr. and Mrs. John Troesch, Mr. and Mrs. Charles Hayes, Mr. and Mrs. Irwin Patch, Mr. and Mrs. Taylor Rittenhouse, Mr. and Mrs. Dwight Willis, Mr. and Mrs. Leo Lynn.

Work of the department during the past month consisted of inspecting the various schools in the county as to the sanitation, etc. Although some schools could improve along this line, a marked improvement was noted among the schools as a whole. A conference with several school authorities was held regarding this matter.

An annual survey of crippled children in the county was also made the past month. It was found that there were 25 crippled between the age of one and twenty-one years. Most of these cases were the result of infantile paralysis.

Plans for an extensive campaign to improve the supply of milk for children were carried on this month. The health authorities plan to inspect every source of milk for babies and see to it that sanitation rules are carried out.

WALDO HIGH STUDENTS INSPECT LUMBER YARD

Agriculture Engineering Class Taken on Interesting Field Trip

Waldo, Oct. 22.—The Agricultural Engineering class of the Waldo High School Tuesday visited McKenzies Lumber Company, Delaware, as a part of their study on farm buildings and building material.

Mr. Charles McKenzie took charge of the trip. Part of the forenoon was spent in studying rough and finished lumber in the yards, roofing materials, flooring and other building material.

The next place of interest visited was the Automatic Incubator Company which is another leading line of the McKenzies Company. The class was shown the detailed construction of incubators in their various stages.

Still another phase of the company's work is the manufacturing of egg racks for oil and water wells. These racks must be of unusual quality because they are used to meet the requirements of many of the deep wells. Golf sticks, broom handles, mop sticks, automobile spokes, dowl pins for furniture and other small pieces requiring material of best quality are manufactured in great quantities.

GALION WOMEN ATTEND RELIEF CORPS MEETING

District Convention Held at Shelby; National Meet Report Given

Galion, Oct. 22.—Twenty members of the Galion Women's Relief Corps attended the district convention at Shelby, Wednesday and took a most active part in the day's program. Interesting talks were given by both the retiring and the newly elected officers and Mrs. Ada Newman of Galion, who was district delegate to the national convention gave a splendid report on the work done there.

One of the principal features of the extended program was the beautifully executed drill by the officers of Dick Morris Post No. 100 of Galion and the ladies taking part received many compliments on their performance.

Mrs. Hazel McKenney, also of this city, was pianist of the occasion and the corps was further honored by Mrs. Martha Bittner and Mrs. Pearl Carter elected as conductresses.

GALION GIRL AND BUCYRUS MAN WED

Bride's Parents Are Only Attendants; Single Ring Ceremony Performed

Galion, Oct. 22.—Miss Irma Cass, only daughter of Mr. and Mrs. O. J. Cass of 538 Cherry-st., was united in marriage to Mr. Wesley Steinbiller, son of Mr. and Mrs. C. Steinbiller of Bucyrus, yesterday morning at 10 o'clock.

Rev. J. J. Grant performed the single ring ceremony with only the parents of the bride in attendance.

Mr. and Mrs. Steinbiller left immediately for a motor trip after which they will go to their home in Detroit where Mr. Steinbiller is employed by the Fisher Corporation.

LADIES' AID SOCIETY MEET HELD AT MURPHY HOME

Westfield, Oct. 22.—The Ladies Aid met Wednesday with Mrs. Anna Murphy. The time was spent in knitting and sewing.

Halloween Season Desends Fully Upon Galion Society

Galion, Oct. 22.—Halloween with all its gaiety has descended fully upon Galion and although it is perhaps raining the season a bit every evening finds groups of masked and queerly attired children upon the streets. Even older folks were slightly impromptu and the social calendar records a number of clever Halloween parties.

The Young Peoples Society of the Lutheran Church held a masquerade last evening in the church assembly room. Follies, contests and the usual masquerading added hilarity to the evening and the committee in charge of Halloween, regrets that the celebration at the home of Mrs. S. S. Biedeman when she was hostess to her friends and similar fiery backed the largest group of the First Lutheran church when the Ladies' Guild held their regular meeting.

The "Old Pals" birthday club motorcade to Mansfield for a combination of birthday and Halloween party at the home of one of the members, Mrs. Walter Williams faces and grinning cats were symbols of the season in evidence at the six o'clock dinner of the Postor Society and fall flowers shared the honor of the decorating plan.

Always the favorite time of the year for informal affairs the last week of the month gives promise of many more social happenings.

MRS. TEMPLE HEADS MISSIONARY SOCIETY

Richwood Organization Holds Annual Election of Officers Wednesday

Richwood, Oct. 22.—Mrs. Howard Temple was elected president of the Home and Foreign Missionary Society of the Baptist Church, Wednesday afternoon at a regular meeting at the home of Mrs. W. P. GETS NEW LIMBS ON VACATION

Youngstown, Oct. 22.—Clay H. Hays, railroad crossing watchman here, is back on duty after an absence of three days, his son and vacation in a series of seven years.

Mr. and Mrs. Hinchart left here Monday morning for Youngstown, where the former was fitted with new pair of artificial limbs. Several years ago both limbs were amputated following a railroad accident. The new limbs are the third pair used by Hinchart since the time of his misfortune. His first pair were worn for 19 years. During his absence this week, Howard Pitzer served as substitute watchman.

MT. GILEAD PREPARES FOR LOUDENVILLE GAME

Coach Matheny Sends Squad Through Offensive Workout Last Night

Mt. Gilead, Oct. 22.—Coach Matheny sent his squad of football warriors through a vigorous offensive workout last night in preparation for the game with Loudenville Saturday. The locals have been doing fairly well defensively so far this year, for with the exception of the Dayton Stivers team, only one touchdown has been scored against them, and that by Marysville two weeks ago on a long pass.

On the other hand, although the Purple has won three of the five games played, they have done so with only one touchdown. Makeover's record against Bellville. Makeover's record won the Danville game, while Osborne's two place kicks took the Crestline game.

Considerable attention has been devoted this week to improving the running game and interference and special work has been given the passing of the ball. The shifting of Zolman to the backfield has given added drive to the local's game and more versatility to their attack, since he is a triple threat.

In spite of the fact that Crestline defeated Loudenville by three touchdowns early in the season, the locals are not expecting a weak team, in view of the Ashland county eleven's 33 to 0 win over Wellington last week. Mt. Gilead had trouble winning from them last year, and they are admittedly stronger now than then.

A big pep meeting and rally is being held in the high school building this evening in preparation for the game.

F. L. NICHOLS DIES FOLLOWING LONG ILLNESS

Funeral Services To Be Held Saturday from Late Home

Galion, Oct. 22.—Frank L. Nichols, prominent and respected citizen of Galion, died at seven o'clock Thursday morning, at his home on S. Union-st. His death was due to complications and he had been in ill health for some time. The funeral services will be held at the home Saturday and will be conducted by Rev. Stephen of the First M. E. Church.

Mr. Nichols was born in Morrow county in 1853 and at an early age began learning the trade of a cooper. For many years he has been the work of his chosen trade and has been forced to retire. He was engaged in the grocery business for a short time but sold his interest in the store a few years ago.

In 1892 he was united in marriage to Miss Celia Evans who survives him. Besides his widow, Mr. Nichols leaves three children: J. R. Nichols of Los Angeles, Calif., William Nichols of Wapakoneta, Ohio, and Mrs. Walter Cronewett of this city, also a son, Mrs. Addie Flowers and a brother, S. W. Nichols of Erie, Pa.

He was an active member of the M. E. Church and of the Masonic lodge and highly respected by all who knew him.

STATE SENATOR
JAMES R. HOPLEY
Republican Candidate for
MEMBER OF CONGRESS
Eighth Ohio District

HON. WARREN G. HARDING WRITES APPROVAL

Editorial in The Marion Star, 1918:

In this "place in the paper" we are thinking especially of Jim Hopley, whose name is recorded in the family Bible as James R. Hopley. We like him best as "Jim." He is our Bucyrus neighbor, a long-time friend, a newspaper editor, a useful citizen and one of the finest, fairest, squarest fellows in all the world.

We have known Jim Hopley so long that it makes us think of ripening years but Jim is still a youngster as men go, and as full of pep and progress as any man in Ohio. If there is a man in the district who doesn't believe Jim will make an able and intelligent state senator, always on the job and always concerned about our genuine state, he doesn't know Jim or he has a grouse for which we feel sorry. Maybe it doesn't sound dignified to call him Jim, but he will wear the toga with befitting dignity.

Senator Hopley—we feel confident of his election—will prove exceedingly as straight as good men are fashioned, and he is alive to public needs, and has the courage to meet every big problem of state legislation.—Editorial in The Marion Star 1918. written by Hon. Warren G. Harding, himself.

—(x)—
In writing of James R. Hopley, Hon. Warren G. Harding voiced his feelings of what might be expected in legislative work. It is worth knowing that in the State Senate, Hopley made just the kind of Senator Mr. Harding predicted. In his service in Congress James R. Hopley will continue to give conspicuously efficient service which has given him a reputation for ability and square dealing.

KIWANIS GIVE SUPPORT TO LEVY MEASURE

Action Taken Following Report of Investigation Committee at Luncheon

Mr. Gilead, Oct. 22.—At the weekly luncheon meeting of the Mt. Gilead Kiwanis Club at the Globe Hotel yesterday, following a report of the committee appointed for the purpose of investigation of the proposed three mill levy for light and water purposes, the club voted to support the measure and exert every influence to bring about its approval at the November election.

Facing the situation of no street lights, the local council is asking voters to approve the three mill levy. President White of the Kiwanis club, appointed a committee consisting of W. F. Bruce, W. D. Mathers, C. E. Wagner, Charles Dumbaugh, T. B. Mator, Dr. W. R. Robinson and George Wileland, to investigate the reasons for its adoption and report to the club.

The committee surveyed the matter from all angles and submitted a lengthy report to the club yesterday, which was given by Dr. W. R. Robinson. The report showed conclusively the need for the levy, and brought out that unless it was authorized the town would soon be without light and sewer service as there was no other way in which the funds could be raised.

The club approved the report and the recommendation of the committee that the levy be authorized.

Logan Gasers and Marion County Lumber Co. Team Shut Out in Industrials

Leaders Toughen Bowling League Race, While Second and Third Places Have Ties; Star and Displaymen Roll Tonight To Remain in Second Position

Two shutouts were scored by the Marion Steam Shovel Co. and the Post Office bowlers Thursday night in the Y. M. C. A. Industrial Bowling League—and the league standing remains unchanged except for the Logan Gas Co., and the Marion County Lumber Co., whose teams lost.

The Steam Shovels and the Postal men have rolled three matches without losing one game.

It is sad to see the Logan Gasers drop from second to a tie with the Displaymen for third position. Now the Displaymen and the Star bowlers are tied for second position. The Lumbermen are still doing some excavating for their lonely cellar.

Shovelers had a lead of 145 points in the grand total last night when they won by 60, 19 and 50 plus from the Gasers. Norris was the only member to make a double century mark for the winners and he rolled 209 in his first game and 210 in his third.

M'INNIS SIGNS WITH PHILLIES

Succeeds Arthur Fletcher as Manager; Coach Meyers Released

Philadelphia, Oct. 22.—The appointment of John "Stuffy" McInnis as manager of the Philadelphia Nationals next season succeeding Arthur Fletcher, came as no surprise today to local followers of baseball. McInnis having been prominently mentioned for the post since his unconditional release by the Pittsburgh Pirates some time ago. McInnis signed for two years and it was announced that he would play first base as well as manage the team.

The new manager is extremely popular here, having been a member of the old Athletics during their pennant winning days.

The release of Benny Meyers, coach, was announced simultaneously.

STATE EXPECTS SEVERE TEST IN DAD'S DAY TILT

Iowa Comes as Strongest Foe in Ohio Conference

Columbus, O., Oct. 22.—In Iowa, first Big Ten opponent of the year, Ohio State meets its supreme test so far in the current campaign here tomorrow in the Ohio Stadium. Both teams were to hold final drills there this afternoon.

Any doubt as to Iowa's strength was removed last Saturday when the Hawkeyes came within two inches of tying or defeating Illinois. And in Kutztown, the Iowans again showed they have a ball-toter who is likely to give trouble on any field.

The Iowa game looms large on the Buckeye horizon for a number of reasons. It inaugurates Ohio's 1926 Western Conference campaign. It is the annual "Dad's Day" contest here as well as the local "Walter Camp Day" game. And then there is the additional reason that the Ohioans have yet to add an Iowa football scalp to their belt, to complete the Big Ten collection.

Ohio Going Good
The Ohio States gave a fine account of themselves against Columbia in the first Big Ten invasion of New York in history, but not without some cost. The squad returned home Monday morning, but most of the athletes who participated in the Columbia game were excused from practice that day.

On Tuesday, however, Head Coach Wilco and his aides started grooming the squad for the annual duel with the Hawkeyes. Barring last minute mishaps the chances are that all of the Ohioans will be able to perform in the Iowa game if called upon.

Just what the Buckeye line-up will be, however, remains to be seen. The make-up of the line combination is fairly certain, but not that of the backfield. Both George Albert, sophomore, and John Bell, junior, gave fine accounts of themselves in the Columbia game at left end. Albert started the game, but Bell replaced him. It is a question which will start tomorrow.

BOXING TOURNEY STARTS TONIGHT

Champion Tunney and Ex-Champ Dempsey To Receive Belts

New York, Oct. 22.—Jack Dempsey and Gene Tunney, principals in the recent heavyweight battle that saw Dempsey's title lifted, will be tendered championship belts by the New York Boxing Writers Association tonight at Madison Square Garden during the course of a heavyweight elimination tourney. Tunney's belt will be emblematic of the present championship; Dempsey's was due him during his reign, but he never received it because he was suspended in this state.

East Lacks Brilliant Football Attractions Saturday

Ohio Conference, Big Ten Offer Leading Contests; West and South Busy, too

State Opens Conference with Iowa; Michigan-Illinois, Northwestern-Notre Dame Perform for Big Ten; Harvard-Dartmouth and Penn State-Syracuse Are East's Best

BY DAVIS J. WALSH
New York, Oct. 22—Only a blake who must firmly resist a tendency to call out the fire department to light his pipe will become unduly impressed with the fact that a number of eastern states plan to play some football tomorrow.

The East will draw approximately a complete blank on the matter of consequence and significance and will go for a "breather" which means that the big times will enjoy a week-end of their opponents a police clerk on the neck for the honor of the dear, old head.

East Sleeps Peacefully
West with Michigan and Illinois meeting at Ann Arbor; Northwestern and Notre Dame at Evanston, California and Southern California at Berkeley; Iowa State and Missouri at Ames; Oregon and Stanford at Eugene, Vanderbilt and Georgia at Nashville, and Sewanee and Alabama at Birmingham, there is nothing for it but to look to the middle West, the coast and the South for action. The East, largely due to circumstances, will have slightly less action than a standing crop.

Originally, the Harvard-Dartmouth game at Cambridge was regarded as a number, but Dartmouth lost to Yale and Harvard to Holy Cross. At New Haven, they fought well of the Yale-Brown affair, but Brown, although remaining undefeated, was scored upon twice by Yale. So that one is not so hot, either. The Penn State-Syracuse game suffered a severe chill, too, when State pushed four touchdowns behind Notre Dame and the writer can contrive to remain quite calm in considering the Yale-Colgate meeting by remembering that Colgate lost to Pitt, which lost to Lafayette, was tied by Georgetown and almost tossed off to Allegheny, which was beaten, 54 points, by West Virginia.

Leading Attractions
Yet these are the most attractive games the East has to offer. Consider them in relation to the Michigan-Illinois or Northwestern-Notre Dame meetings.

The former may decide the Big Ten title and the latter a possible leader for the entire section. In addition, they are not enough, the further fact that a good Ohio State team will meet Iowa in the Buckeye's first conference game; Chicago will play Purdue and Wisconsin.

Magnesia Best for Your Indigestion

Warns Against Doping Stomach With Artificial Digestants
Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have now discontinued disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestants, and instead, following the advice so often given in these columns, take a teaspoonful or two of Burdett's Magnesia in a little water after meals with the result that their stomach no longer troubles them, they are able to eat as they please and they enjoy much better health. Those who use Burdett's Magnesia never dread the approach of meal time because they know this wonderful anti-acid and food corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, perfect food fermentation, and without the slightest pain or discomfort. Try this plan yourself, but be certain to get pure Burdett's Magnesia especially prepared for stomach use.—Adv.

It Started Something

I have not said anything to you, but I have been saying to others and have been convinced. Myself. Wonderful results. It is correctly named. It is a different person. The pain in the right side disappeared at once. Four doctors said would require operation; also the bloating and indigestion. It is a simple, harmless operation that removes the intestinal tract and all the inflammation which causes indigestion, all stomach, liver and intestinal ailments, including appendicitis. It will convince or money refunded. At all druggists.—Adv.

That "Pro" Game Fading "Big Three" O. S. U. Prestige

By NORMAN E. BROWN

PROFESSIONAL football is in the crucible.

The dying days of November will tell quite clearly whether or not the pro game is to become an established institution of the magnitude of professional baseball or whether the popularity of that angle of the sport is but temporary. Due to the ascension of the dazzling "Red" Grange to the dizzy heights and the assistance of C. C. Pyle in properly press agenting Red and himself.

Meanwhile the collegiate game is in the midst of an evolutionary period. For several years the number of inter-sectional games—games which break down the distinction of boundary lines and overshadow old traditions with the newer—have been increasing in number.

This year every weekend has its inter-sectional games. North and south, east and west, west and south, east and north—always one or more interesting battles between eleven from distant points. These games, because of their geographical nature, are of more general interest to the non-college fans at least than the others. For alumni of the smaller and less frequently heard from colleges the same holds true.

ALL of which means that the "Big Three" and the various conferences about the country are drawing less and less of the spotlight. Frequently the inter-sectional or out-of-conference games draw the major portion of space and attention in the newspaper.

Therefore, the teams which depended entirely on their conference schedules to win their notoriety and attract athleticly inclined students must now find means of competing with the east-west games and north-south contests for interest.

This year, the Tulane game drew more attention generally to Northwestern than any of the Big Ten games will draw, barring the winning of the Big Ten title by the Evanston school. The Chicago-Pennsylvania game, a fixture of six years standing, demands consideration with the other major games of the year, and more attention through the press of the country than any of Chicago's games with rival Big Ten teams.

OHIO'S STATE'S invasion of New York for its annual game with Columbia following their first game at Columbia last year, wins the western college notice in the east that Big Ten games could not expect—that even the great Ohio-Harley failed to draw.

And so on. Collegiate football has been literally thrust into a new order. Officials must readjust themselves, their viewpoints regarding athletics, and the policies of their institutions in many cases to the new order.

It remains to be seen just what effect the age of "national" football will have on the college game. We may find out soon after the future of the professional game is determined.

The first regularly organized football team at the West Point military academy was captained by Dennis Michels who was killed in the battle of San Juan.

SKIN TROUBLE COVERS BODY

At last finds treatment which cleared it away in few days

Badger, Minn., March 1:—"A while ago I was troubled with a skin disease, a mild case of it, which was very distressing. It began on my leg and was most aggravating; the more I scratched it, the more it itched. Finally a number of tiny pimples formed and soon spread all over my body. It became so bad that I did not know what to do about it and was going to consult a physician when a friend of mine suggested that I try Resinol Ointment. I bought a jar the next day and was delighted with the relief I obtained after the first application. A few more treatments and the itch was entirely gone. I have also used Resinol Soap and Ointment for blackheads and pimples and it helped wonderfully. I cannot praise Resinol enough for all the good it has done me."

FOOTBALL DOES BIG BUSINESS IN MIDDLE WEST

Big Ten Conference Reports Million Dollar Business in 1925

Chicago, Oct. 22—Midwestern football is a million dollar business.

Figures made public here by athletic authorities disclose that last year the greatest game was conducted in the Big Ten college conference at a profit of \$1,281,591.

This year an even greater profit is expected, owing to increasing interest in the game and the promise of a stiff fight for the conference championship.

A total of \$136,808 was spent by the conference colleges to train their squads, and produced the finished eleven. This sum included the cost of equipping the players. In the conference a total of 2,418 football players were drilled and turned out, participating in 21 games.

The salaries of coaches, including the assistants, averaged slightly more than \$2,500.

Interesting figures, contrary to the claim that many football stars are men of means as well as brawn, were also revealed by the colleges in the Big Ten conference, which is composed of Minnesota, Michigan, Iowa, Indiana, Purdue, Ohio, Wisconsin, Illinois, Chicago and Northwestern universities. In the ten colleges, out of a total of 2,300 scholarships, carrying free tuition, only 85 were held by athletes of the profession.

While the latter figures indicated football heroes have not been class leaders in the mid-west, collegiate authorities found solace in the fact that the small percentage of athletes holding scholarships were not being unfairly passed out to members of athletic teams, merely to keep them in college.

Changes that scholarships at many Big Ten schools were handed out to athletic stars regardless of their scholastic ability were groundless, declared the heads of athletic activities, pointing out the small percentage of stars on the gridiron holding the rights to free tuition.

SKULL PRACTICE

O. W. Hunkeler has resigned as chairman of the Illinois State boxing commission. Indicating that things were not all Hunkeler-Dory on the commission.

Jack Sharkey has been given first call for a bout with Tunney by the New York State boxing commission. The thrill Sharkey gets out of that can be measured by his knowledge of how much the commission did in molding Dempsey fight Harry Wills, also named leading challenger.

Art Fletcher has quit as manager of the Phillies. Refused to be made the goat for the failure of the season's campaign.

Harvard grad officials have a wealth of offers for early games next season— from high school eleven.

Notre Dame apparently has substituted half a dozen tractor for its four horsemen.

BAN FOOTBALL STRIKE

-o- The New Book -o-

BY FRANCES JENNINGS

A picture of college life from the professor's point of view is the substance of the much discussed new novel, "The Two Sisters" by H. F. Bates.

No hero, no heroine, no dramatic plot, no sensational sex thread characterizes the story, which is simply a portrayal of college life and college instructors. It would almost seem as though Mr. Bates had chosen some typical new west-

ern college, made the acquaintance of the professors, chosen a specific number of days and written a diary of the happenings of the course for those same days. The novel is one of the realistic type, so realistic as to be termed "dry," that fantastic scenes so often applied to a novel lacking in color, plot and emotion.

The personal of characters contains

ing assistant" is only one of the many characters about whom the book tells, while the unfortunate Mrs. Crow, called to see her son, with only the "crammer" installed to ring her memory in the hearts of the characters and hands of the readers. No heroine, no hero—just what can Mr. Bates have in mind?—so disregarding the demands of an idiosyncrasy publisher. How dare he fail to supply the customary plot?

The purpose is that of many novels of the present day, to picture life as it is, and life as it was before the war, in unadorned simplicity, such a book—had such characters really lived—might have been better, an interesting novel? Well, not exactly but a novel that can do no harm and does present a certain and in this day large part of American life.

of tales by the master of allegory is a character study of the temperance of the entirely different sisters.

VETERAN FIREMAN GETS MANY CONGRATULATIONS

Charles N. Thurston, veteran member of the Marion Fire Department, was the recipient of congratulations from numerous friends who called at Station No. 1 on S. Prospect-st today, the twenty-fifth anniversary of his service. Thurston started as a member of the department on Oct. 22, 1901 and has been in service continuously since that date.

In the Thurston's account, Thursday night, of Thurston's career as a fireman, there was an error in figures on the

present membership of the department. There are now 25 men on duty at the three local stations, including 20 firemen, six captains, a mechanic and the chief. There were only four paid men and a chief in the force when Thurston entered the service 25 years ago.

CAR STOLEN

The local police department has received a report from Marysville, stating that a Ford coupe, Ohio license 391-295, was stolen from its parking place on a Marysville street, Thursday morning. The thief, according to the report, was a "16-year-old, freckle-faced boy."

BALANESCU IS GIVEN TERM IN REFORMATORY

Attorney Day May Appeal Case; Awaits Conference with Lad's Mother

Cleveland, Oct. 22.—(Although Emil Balanescu has been declared guilty of manslaughter in connection with the death of Dorothy Elizabeth Kirk and Judge Carl Weygandt has sentenced the youth to from one to 20 years in the state reformatory, we are not content to let the situation rest in its present status and I am sure we will take some sort of action," Senator Arthur Day, attorney for the medical student, said today.

Day was not certain whether the case would be appealed, as he had not had an opportunity to consult with Balanescu and his parents, since the jury returned its verdict of guilty yesterday afternoon.

"I am waiting for the anguish of the scene in the courtroom to die down within Mrs. Balanescu's breast before I confer with her, which I hope to do some time later today," Day declared.

It was revealed today by Day that the youth's father, John Balanescu, who had not figured prominently in the trial, had spent the entire night before the jury was charged, on his knees in the kitchen of his home, praying that his son be freed.

Mrs. May Kirk, mother of the 21-year-old stenographer, returned to her home in Canal Fulton, O., early today. Before she left, she said that "Frenchy" will be out inside of a year. "I wish that he would be imprisoned for a long time to keep other girls out of danger," she said.

TAKE OUT PERMITS

Permits were issued from the office of the city clerk today to Mrs. Anna Butler for the construction of a porch at her home, 232 Reed-st, at an estimated cost of \$150; Raymond Mayfield for a \$200 storage house at his place of

POLICE BATTLE DRUG PEDDLING ALONG RIVIERA

French Coast Is Called "Snow-
bird's Paradise" as Traffic
Grows

Nice, France, Oct. 25.—The Riviera is a "Snowbird's Paradise." Police officials admit that drug peddling and drug taking on the French Riviera is more prevalent than ever but claim they are powerless to stop it.

If arrested every person caught selling drugs there would not be enough prisons to hold them, a plain clothes drug squad detective told International News Service. "We have to be content with confiscating their stock in trade and escorting them across the border. Of course if he is a vendor in a big way we do put him in the hospital."

A drug distributor at Cannes, one of the higher up, arrested recently, was immediately released on 10,000 francs bail, about the amount of his profits for one week in the season.

At any hour of the day the night between October 15 and April 15, sufficient "snow" can be obtained for one and a half for two or three sniffs, which furnishes the habitual drug taker at least an hour of sweet dreams.

The winter season is the golden harvest for drug sellers, their chief customers being society women who take to drugs in order to calm nerves that have been shattered by long hours of high stake gambling, dancing a surplus of expensive champagne of poor quality.

Herein is the drug chiefly sold although both cocaine and opium may be obtained in large quantities by persons prepared to pay the high prices demanded.

All these drugs are easily brought from Marseilles, at which port they arrive clandestinely from the Orient. Large quantities are also smuggled in from Italy by way of the numerous mule paths which traverse the mountains.

The chief Riviera distributors are said to be an Egyptian and his daughter living in a superb apartment, who are received in the best society of the city.

Many Sub-Agents
They have sub-agents scattered in all the principal tourist centers who, in turn, distribute to the actual sellers. These consist of managers and attendants of ladies cloak rooms in theaters, casinos and luxury hotels, and last, but not least, the "camelots" who during the season sell opera glasses, pearl necklaces, carpets, scarves and postcards on the various Riviera promenades.

A small shop in a good section of Nice, ostensibly dealing in Japanese fancy goods and articles appealing particularly to women, also sells clandestinely. The Japanese articles are only camouflage. The real business is the sale of opium pipes and opium. In a large room at the rear of the shop tastefully decorated, both men and women are welcome to indulge in a pipe or two.

Police Asked to Hunt
FOR STOLEN AIRPLANE
Syracuse, N. Y., Oct. 22.—Chief of Police Martin L. Cadin has received many unusual requests but none like the one that came from Custer Davis, sheriff of Iola, Kan., who asked his cooperation in a search for a stolen airplane.

The machine was stolen from the flying field at Iola and Kansas officials believed the thief had headed East. The fugitive is said to have a cork leg and is an expert aviator. A reward of \$100 has been offered for his arrest and the recovery of the plane, the theft of which is the first of its kind ever reported.

Miss Emma H. Ditzler, an insurance collector in New York, has made a record of writing at least one new policy each week for 55 consecutive weeks. She specializes among business women.

REACTIONARY TONE IS DEVELOPED IN TRADING

Gary and Other Leaders Optimistic Over Business Conditions

MARKETS AT A GLANCE
Railroad stocks irregular; industrial stocks irregular; domestic bonds steady; foreign bonds fairly steady; call money 4 1/2 per cent; grain fairly steady; copper irregular; rubber irregular; sugar firm; pig iron firm; foreign exchange firm.

New York, Oct. 22.—After reaching a slightly higher level of prices in the early trading today, industrial stocks developed a reactionary tone in the course of which many of them returned to the lowest prices of the week.

The buying power of the market showed a considerable shrinkage and the drift to lower prices unrelieved by any extraordinary bullish development in trade and finance.

Justice Gary and other steel manufacturing leaders at the Iron and Steel Institute meeting expressed themselves optimistic over business conditions in general and steel business in particular. They entertained little fear either of harmful tariff revision or of severe competition for American steel business with European producers. They estimated steel orders and mill operations for the balance of the year at 80 per cent of operating capacity, which is very satisfactory under the circumstances.

Archibald's new rise brought the stock back to 155. Baltimore & Ohio, Chesapeake & Ohio, New York Central and other outstanding rails made an unsuccessful attempt to inaugurate a new forward move in the rail list, but little outside buying was attracted and the move was abandoned shortly after the noon period.

Today in Marion Markets

Groceries, Produce, Meats, Grain, Livestock

New shipments of persimmons were on display in Marion markets today, selling at 15 cents each.

Prices appearing on the market in bulk quantities a few days ago, continued to sell at 20 cents a pound today. Quinces retailed at four pounds for 25 cents. Apples were sold at five cents a pound or \$1.25 a bushel, although one variety was bringing \$1.50 a bushel.

All varieties of grapes were on sale at usual prices. Pears sold at \$1.75 a bushel. Cantaloupes and grapefruit remained steady.

Sweet Corn Gone
Sweet corn has again disappeared from local vegetable counters after showing up yesterday at 25 cents a dozen. Demand for the product has decreased.

A new supply of spinach received today sold at usual prices. Carrots, turnips, beets, onions and celery were firm. Tomatoes, the "Southern" variety, sold at 20 cents a pound. Homegrown tomatoes were not on display.

Eggs at wholesale today remained the same while in retail provision houses the price ranged from 48 to 49 cents a dozen. Creamery butter was steady at 47 and 48 cents.

Marion meat markets were preparing for their regular weekly specials, scheduled for Saturday. No change in prices was recorded today.

Oysters are selling at 65 cents a quart, the quotation set about four weeks ago.

Woman's Place Is In Home, Says Mayor of Seattle

Bertha Knight Landes Staved
With Her Children Till They
"Grew Up"

"WOMAN'S place is in the home," say the conservatives, and Mrs. Bertha Knight Landes, mayor of Seattle, agrees with them. And in the home she stayed as long as she needed.

"When my two children were small they took most of my time," she says. "But now they are grown up and married."

Now that home does not require her, she has turned her attention to the city.

NATIONAL RED CROSS
WORKER TO ADDRESS
MEETING IN MARION

MISS CLYDE H. SCHUMAN
Miss Schuman will address a meeting of presidents and health chairmen of the various women's clubs, community clubs and other civic women's organizations in the interest of the Red Cross campaign, at 8 o'clock tonight at the public library.

Miss Schuman is national director of the American Red Cross Nutrition Service and her work is the general supervision of the work over the entire country. She is thoroughly familiar with the department of the Red Cross service and will present the work of the organization along these lines. She is a graduate of Teachers College, Columbia University where she was a teacher before joining the American Red Cross in October, 1920.

AIR TRIP OFFERED AS
ESSAY CONTEST PRIZE
Salem, Mass., Oct. 22.—All New England wants to fly. At least Miss Lydia P. Gove of this city, the first woman to cross the continent as a passenger in a commercial plane thinks so.

Miss Gove has offered a free plane trip to Los Angeles to the two students who write the best letter on air travel and his future, and she has received thousands of letters from all parts of New England.

Miss Gove believes her offer will tend to increase passenger traffic in the air. If all who take part in the contest were to fly, the sky would be black with airplanes.

LIFT BAN ON HEAVENS
Chicago.—The Illinois housing commission has lifted the ban on heavyweights, in effect ever since legalized boxing came back in April. The commissioners took the action because of the forthcoming slow to aid Florida relief, for which several heavyweights bouts are under consideration, including a match between Georges Carpentier and Jimmy Delaney of St. Paul.

MARION COUNTY FREE OF RABIES FOR SIX YEARS

Unusual Condition Disclosed in
Report of Health Commis-
sioner N. Sifritt

Dr. N. Sifritt, Marion County health commissioner, a member of the state committee of five appointed for the purpose of studying and reporting on the progress of and recommendation for fur-

ther control of rabies, will submit his report to Fred Perry, laboratory chief of the state health department, and secretary of the committee, within the next few days.

The report will be submitted by Oct. 30 and combined with the reports of other members of the committee, the main points of each report being discussed at the seventh annual Ohio Health Conference, to be held in Columbus, the week of Nov. 8-13, inclusive.

No Cases

Dr. Sifritt today declared that during the last six years, Marion County has not experienced a single case of rabies. Only a few rumors of rabies have caused investigation and the results of the investigations have always proved the rumors false, the health commissioner said.

Few dogs throughout the county have been forced to wear muzzles and only on a few occasions have

canines been quarantined for a few days to determine whether rabies reports were true.

Other members of the rabies committee to make a report to Secretary Perry are L. W. McNamee, Findlay; Dr. Robert Lockhart, Cleveland; Dr. W. H. Peters, Cincinnati; and Dr. C. L. Vorhies of Cambridge.

Three other committees to study and investigate milk conditions, rural sanitation, and communicable diseases will make reports of a similar nature to the state department of health and discussion of Ohio Health Conference which will be attended by physicians of Marion and Marion County.

Pimples On Face Neck and Shoulders Cuticura Healed

"My face began to break out with small, itchy pimples in great numbers. They were hard and red and festered and scaled over. The pimples spread to my face, neck and shoulders and itched and burned something awful so that I could hardly sleep at night. My clothing irritated the breaking out on my shoulders, and my face was disfigured. I had the trouble about two years.

"I was told about Cuticura Soap and Ointment and sent for a free sample. After using it I got relief so purchased more and in about two months I was completely healed." (Signed) Winifred Chambers, R. 4, Box 191, Bedford, Ind.

Cuticura Soap to cleanse and purify, Cuticura Ointment to soothe and heal and Cuticura Talcum to powder and refresh are ideal for daily toilet purposes.

Keep 25c. Ointment and 25c. Talcum in the bottle. Sample, each free. Address: "Cuticura Laboratories," Dept. 5, Malden, Mass.

CONCENTRATE ON IDENTITY OF FAMOUS MISS X

Preliminary Hearing of Aimee McPherson Nears End of Fourth Week

Los Angeles, Oct. 22.—As the preliminary hearing of the Aimee McPherson conspiracy case neared the end of the fourth week today, both defense and prosecution attorneys were concentrating on establishing the identity of the mysterious "Miss X."

But despite these efforts, the woman companion of Kenneth G. Ormiston, former radio operator at Angelus Temple, at a Carmel cottage, can be only designated by a letter of the alphabet. Mrs. Lorraine Wise-Siehoff, herself a co-defendant, alleges that a Miss Rachel Wells, of Philadelphia, was "Miss X" although she has never contended that Miss Wells was Ormiston's companion. She charges that Mrs. McPherson offered her a sum of money

G. O. P. RALLY TO BE HELD AT CALEDONIA OCT. 30

James R. Hopley, Bucyrus, and Kenton Woman To Be Speakers

Another meeting, to be held at Caledonia, a night of Oct. 30 has been added to the campaign schedule being planned by the Marion County Republican organization. B. J. Shelton, chairman of the Central Committee, announced today. The speakers will be James R. Hopley of Bucyrus, candidate for Congress, and Mrs. J. H. Stevenson of Kenton, a prominent member of the Hardin County Republican women's organization.

Other Republican rallies previously announced include one at LaRue on October 25 and another at Martel on the 27th.

Hector S. Young, chairman of the Democratic County Central Committee, states that he is arranging a series of party rallies for various points in the county and will probably announce dates Saturday.
